### Basic Basket Assembly

**This basket has very simple assembly..  
One bottom and 6 petals to this basket..  
I use a standard zig zag stitch number 3 width to sew  
together..  
Not a satin stitch.  
Sew all petals to gether leaving one side open**

**this shows the 6 petals sewn together, and the center, start the sewing.**

**This shows the last part to be sewn together. Slightly turn and sew up the last petals to gether Voila done**

### **Round Doily Assembly**

**The round doily is 6 designs sewn together..  
first 2 sides each,**

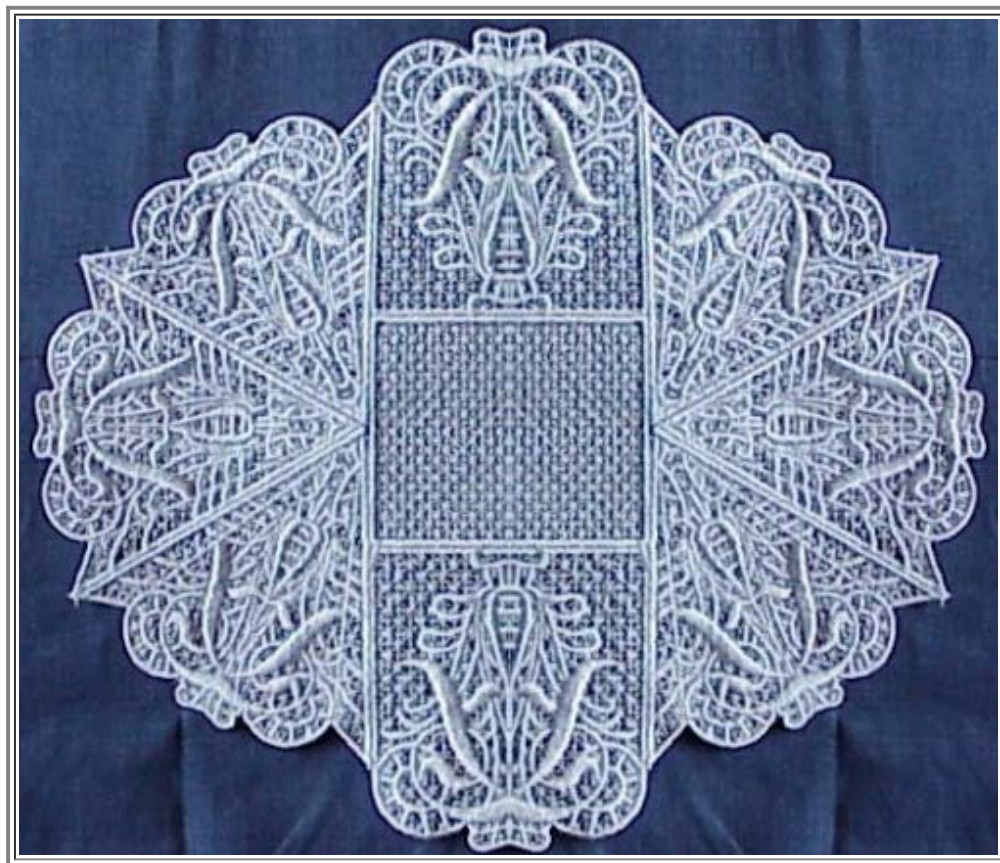

**then a third**

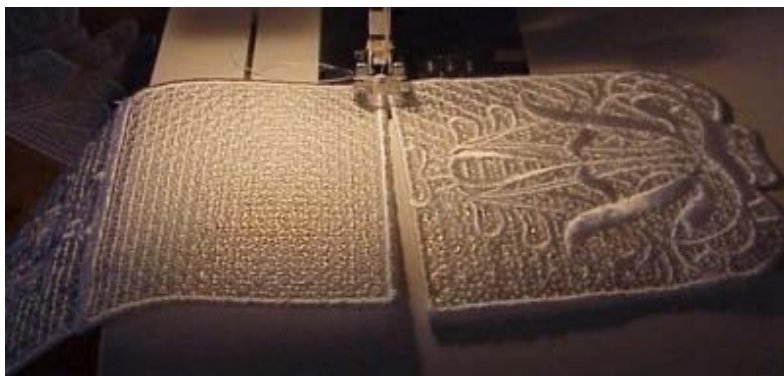

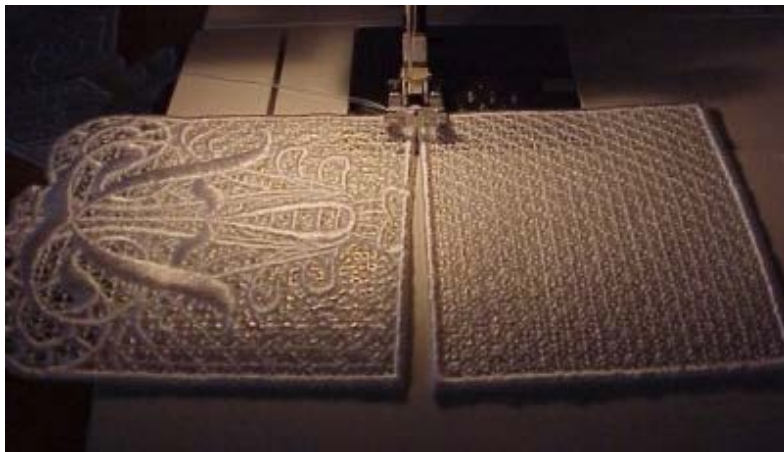

then straight down the middle, lining it all up

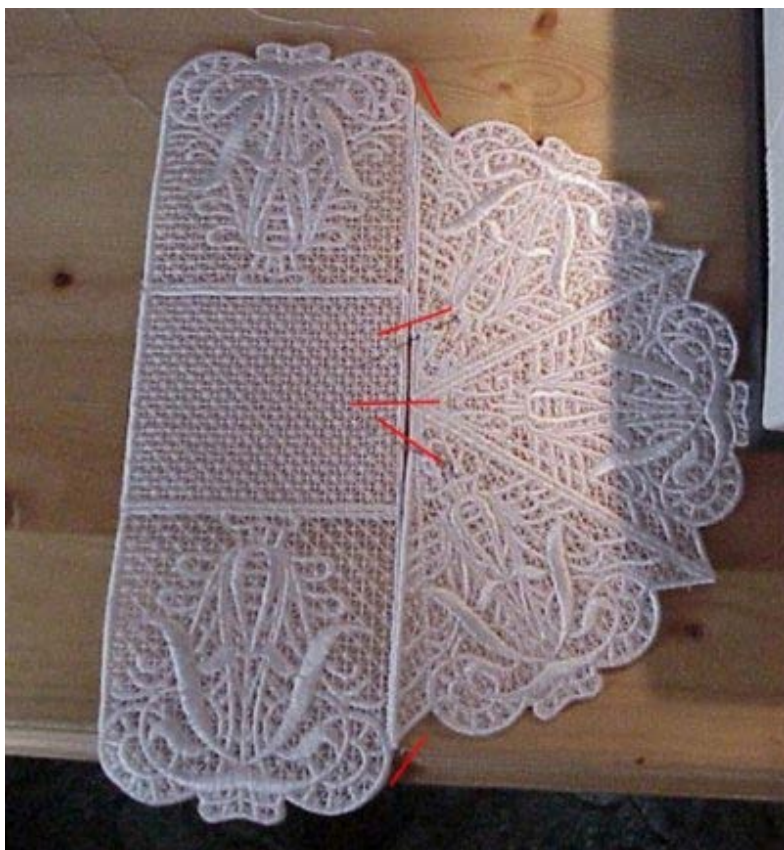

### Large Doily

**Like the round doily sew 3 designs together. 2 times, then Sew one side design to the center.**

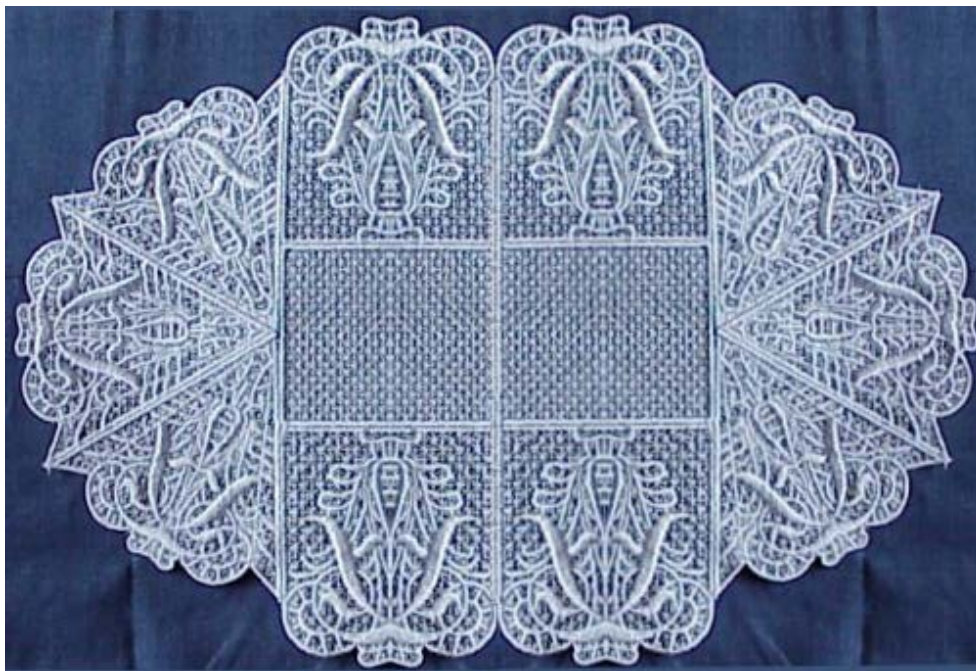

**then the other side**

**Now line the half circles up with the center piece with the side designs on it I used pins to help with slipping**

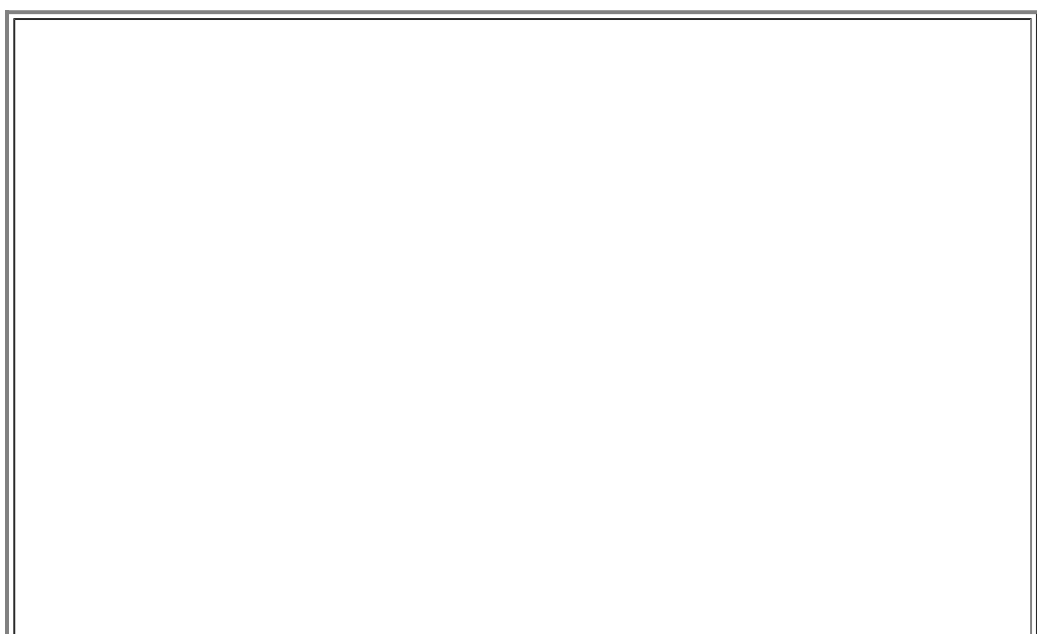

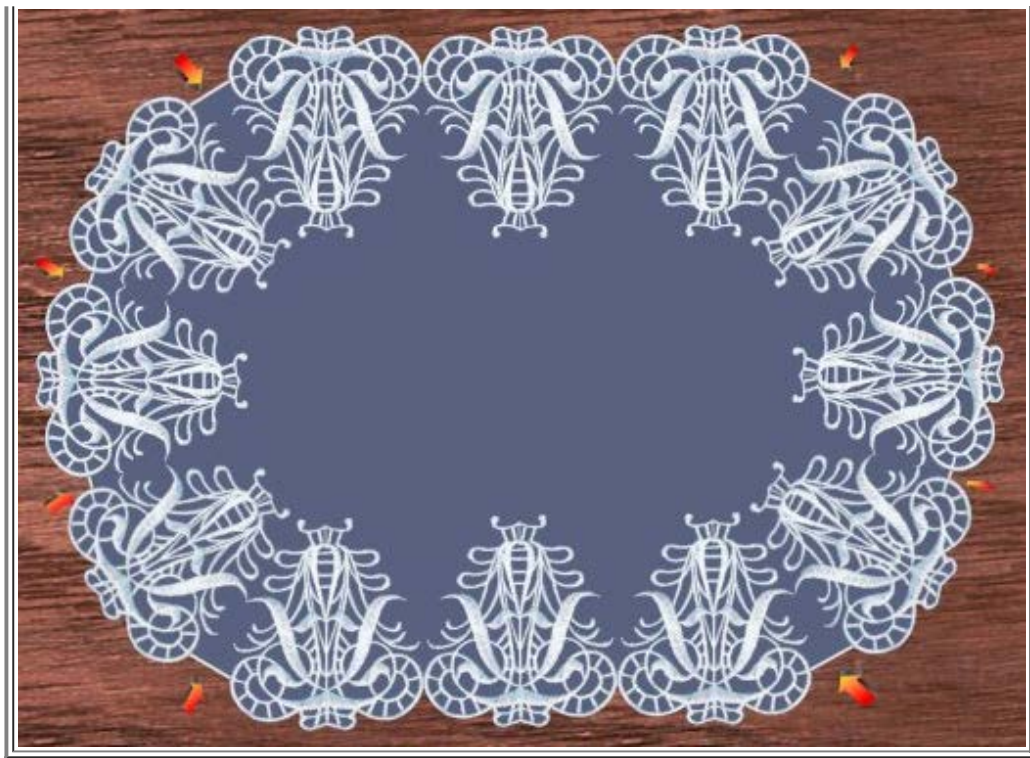

**Now sew the 2 half circles on. ..**

**you can make a full runner by adding center designs in the sewing out Voila'**

**Table Runner on Linen**

**First I took my cloth and drew a line as to the size I wanted. using this lace design, not free standing, comes in 2 sizes as single design, and in endless border, the corners are a 60 degree angle from the first sewn, and then the second part of the corner is 90 degree angle, of the first sewn, the rest is all using the endless hooped design**

**I followed my line till all was sewn out once all sewn in place I then joined the wide spaces with a satin stitch Shown by the little arrows. Then I cut away the excess fabric. No limits to what you can do with this**
