this is your pattern pieces

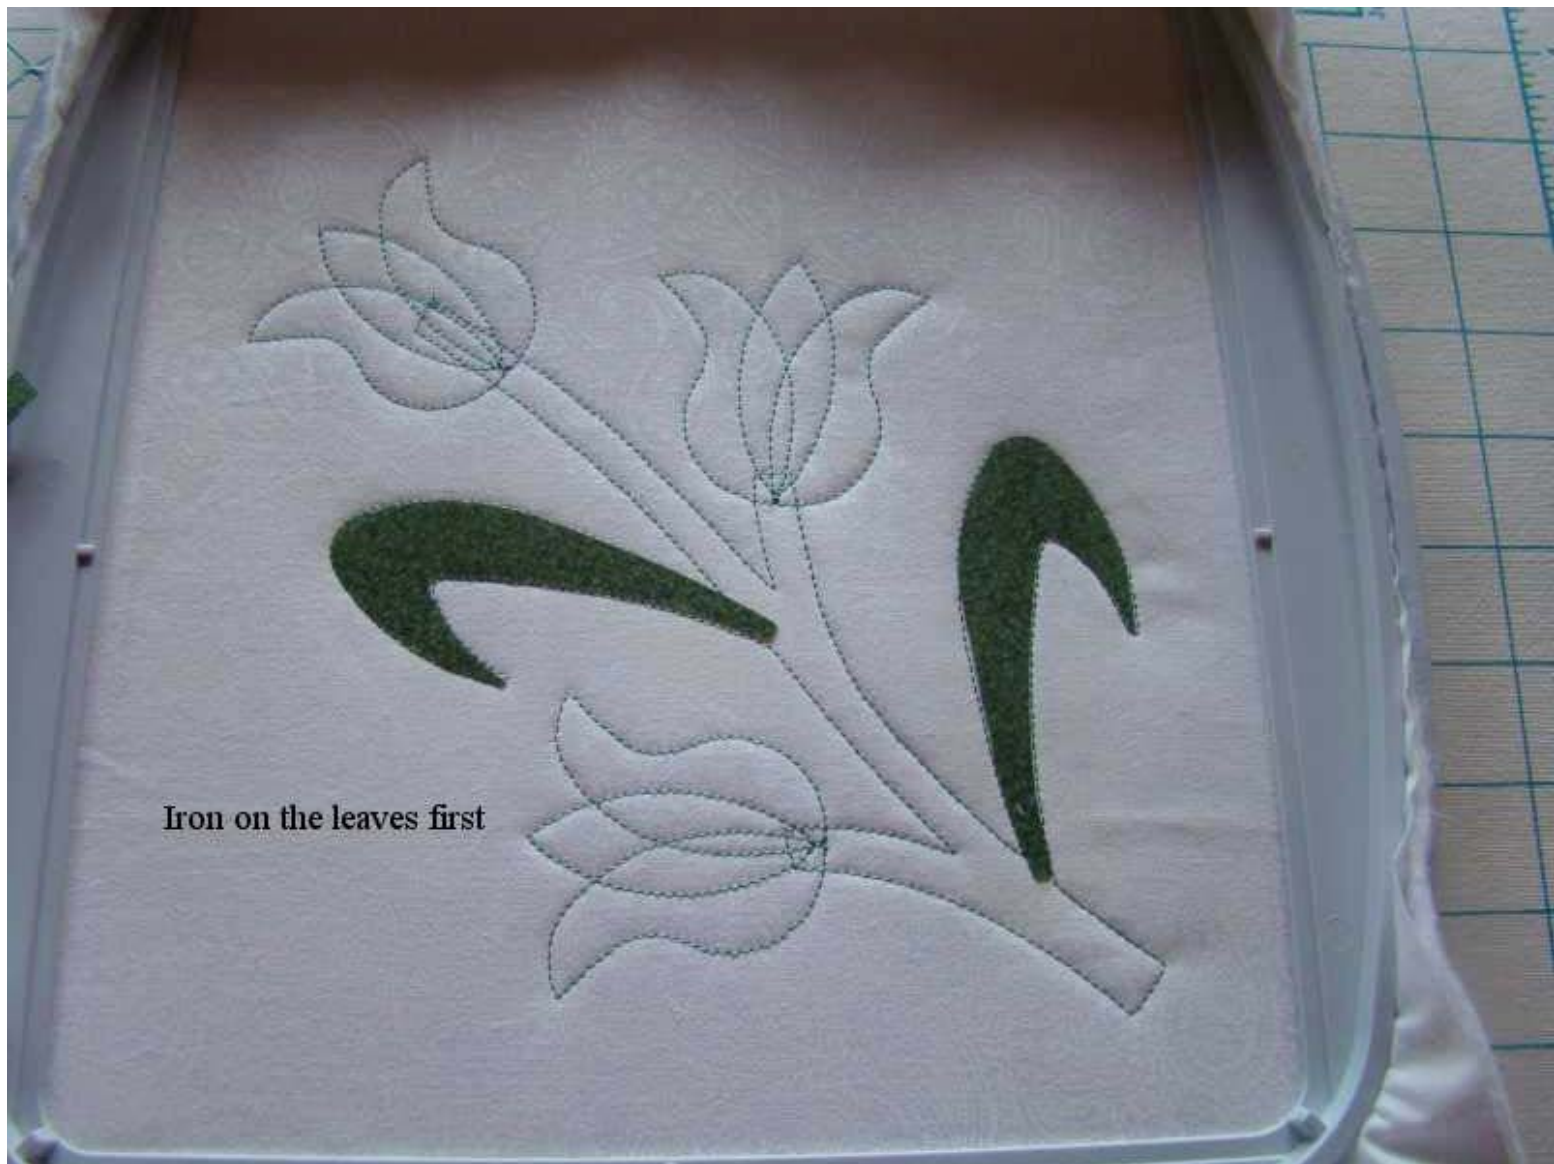

### Accuquilt Pieces

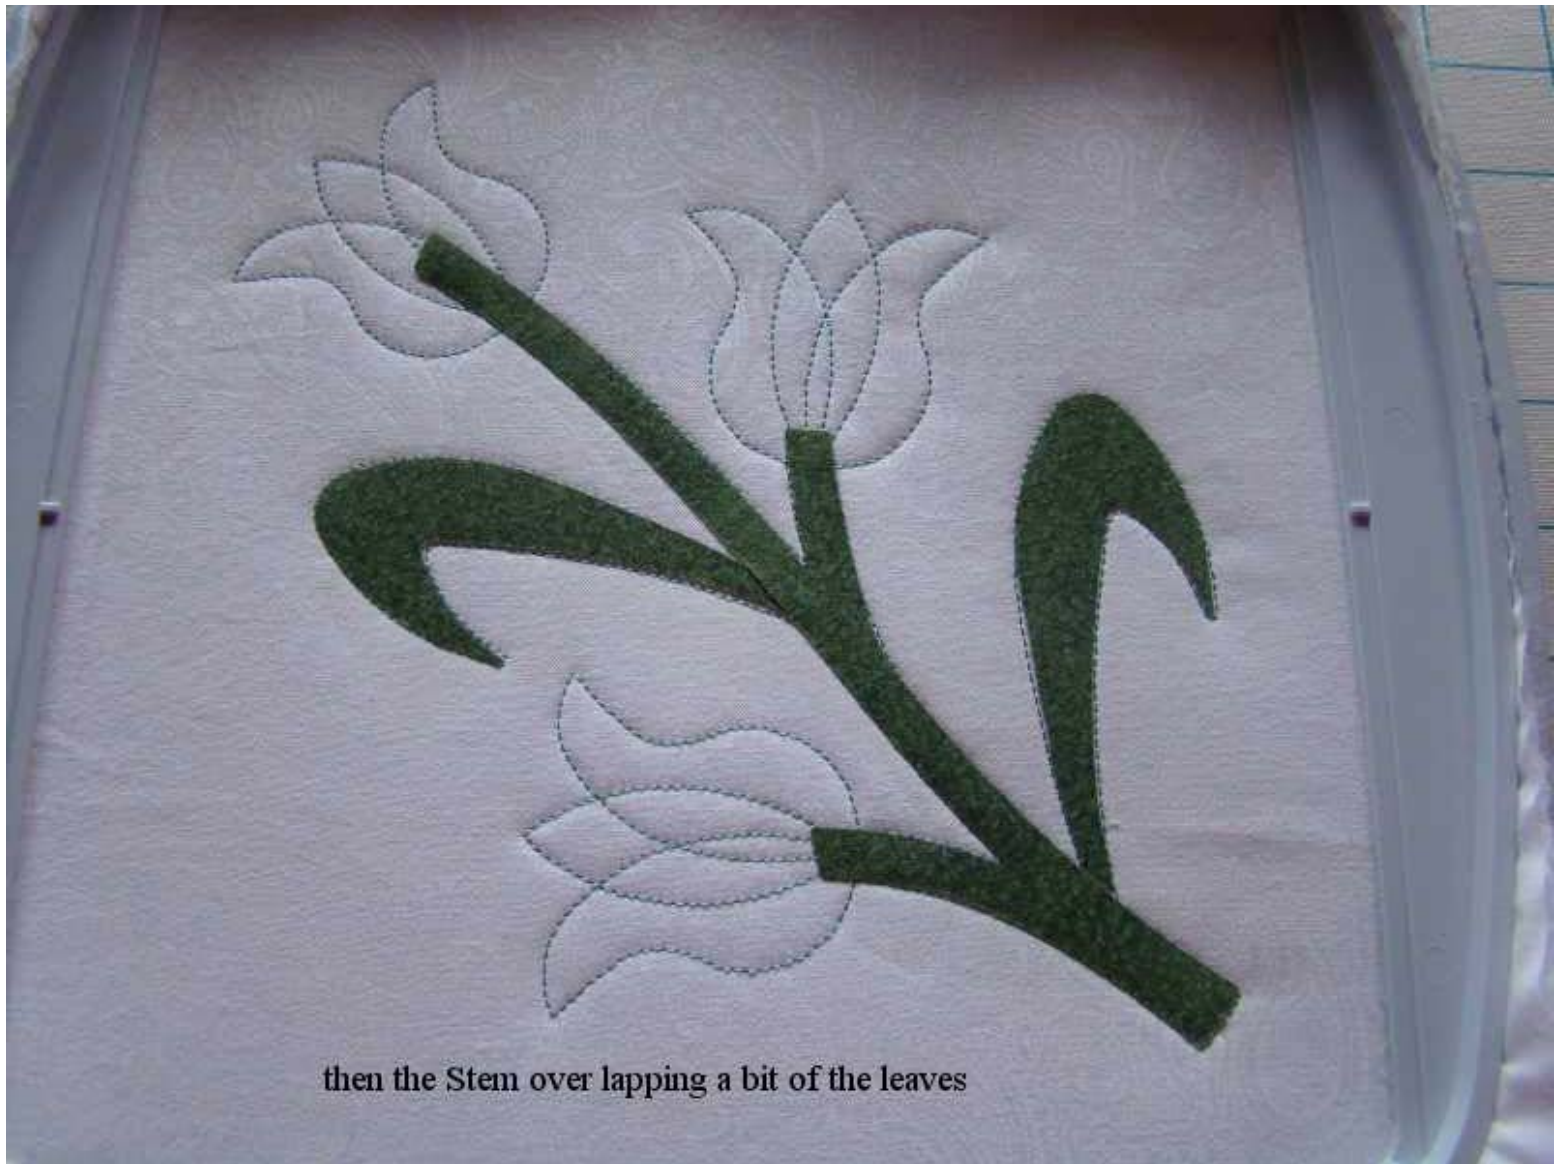

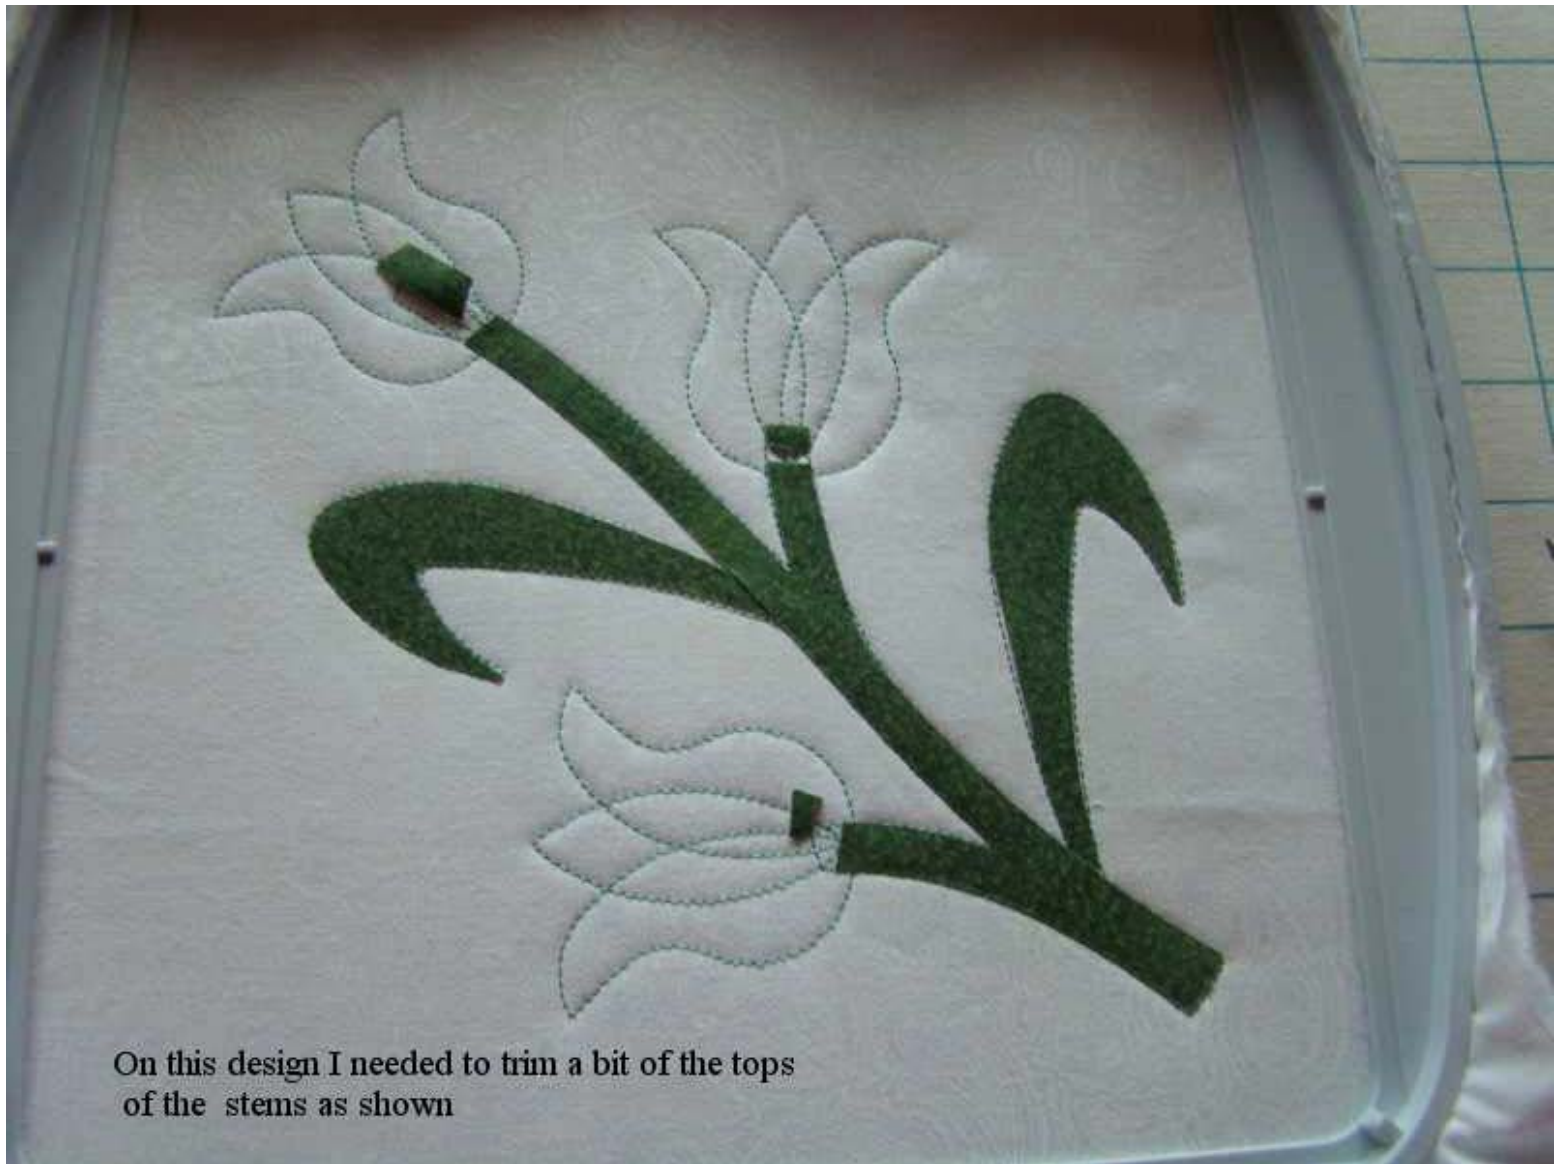

**Iron on the leaves first**

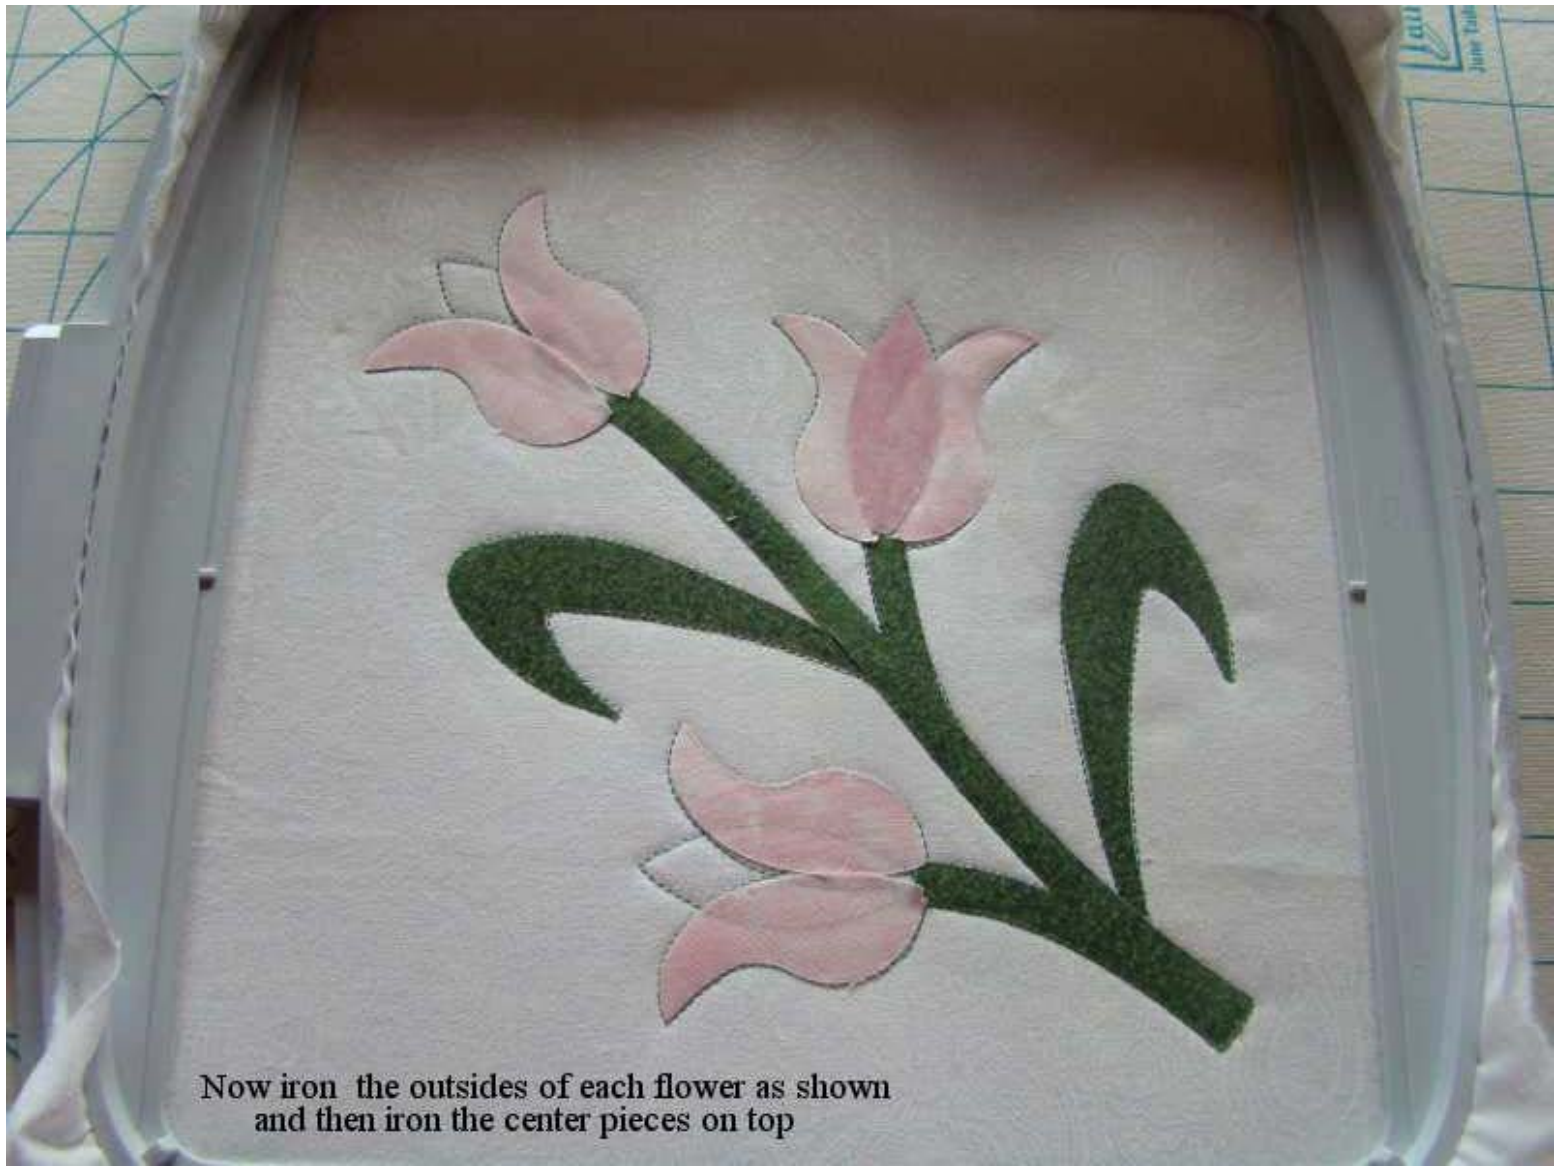

then the Stem over lapping a bit of the leaves

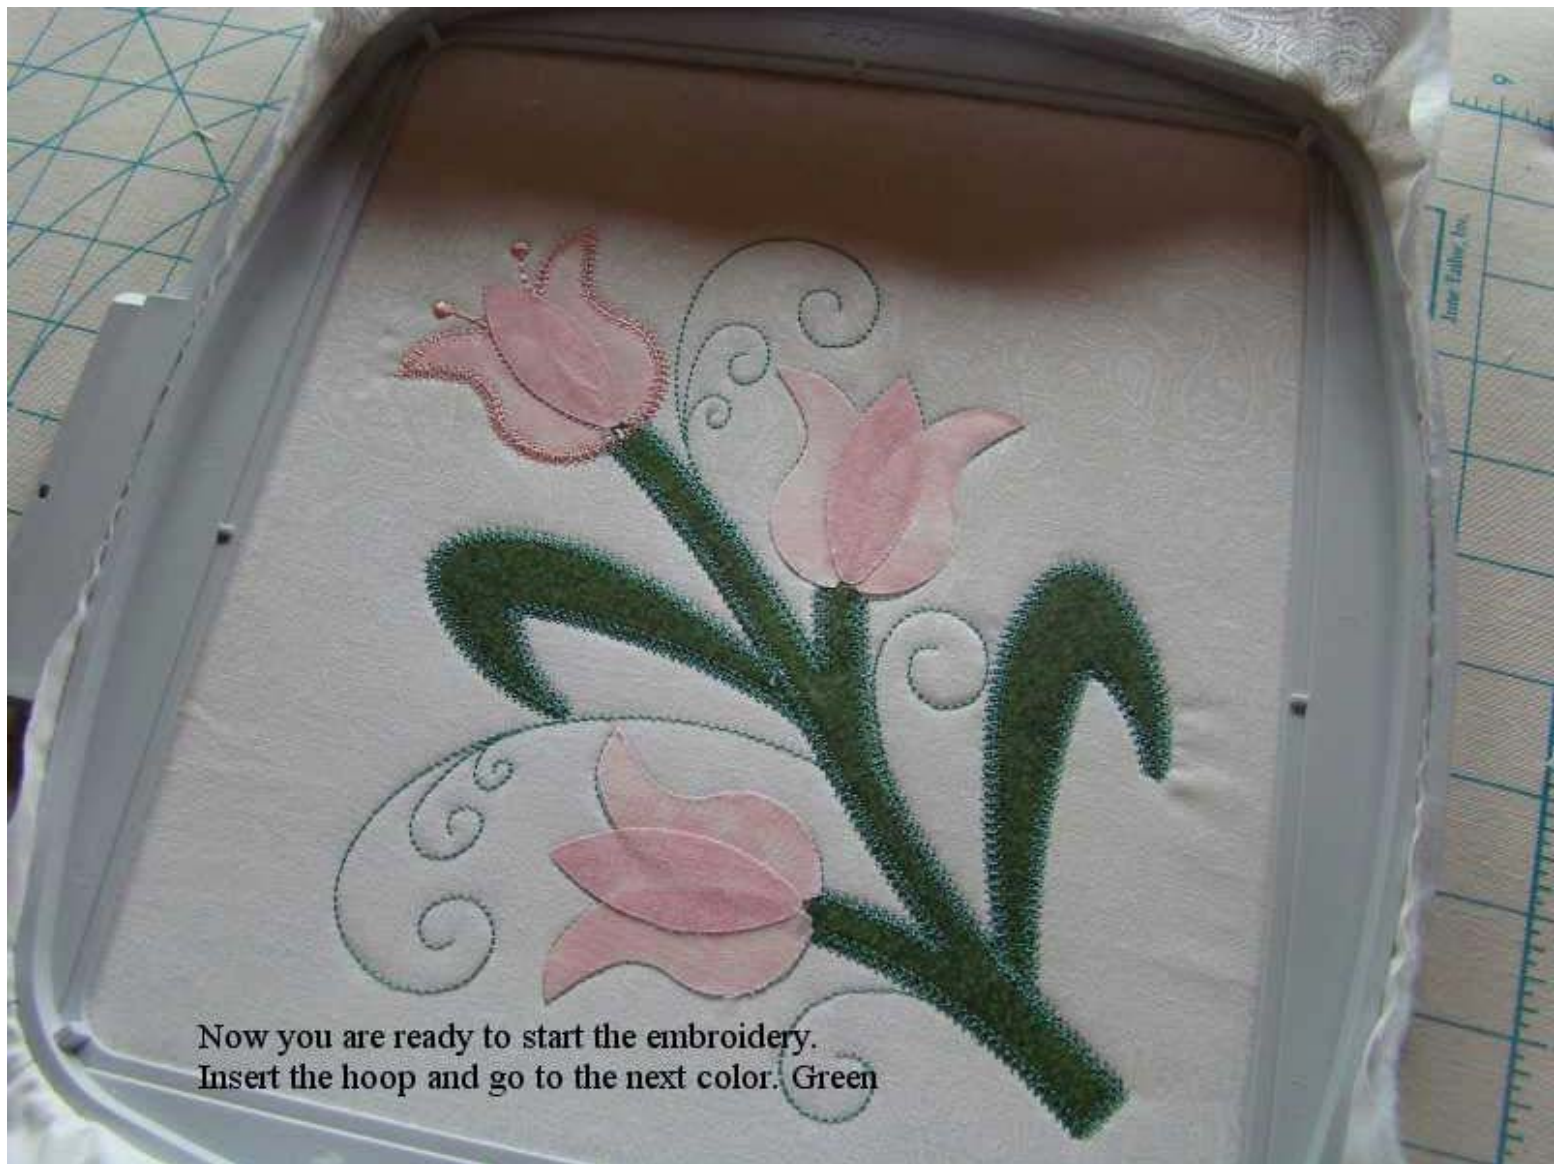

On this design I needed to trim a bit of the tops  
of the stems as shown

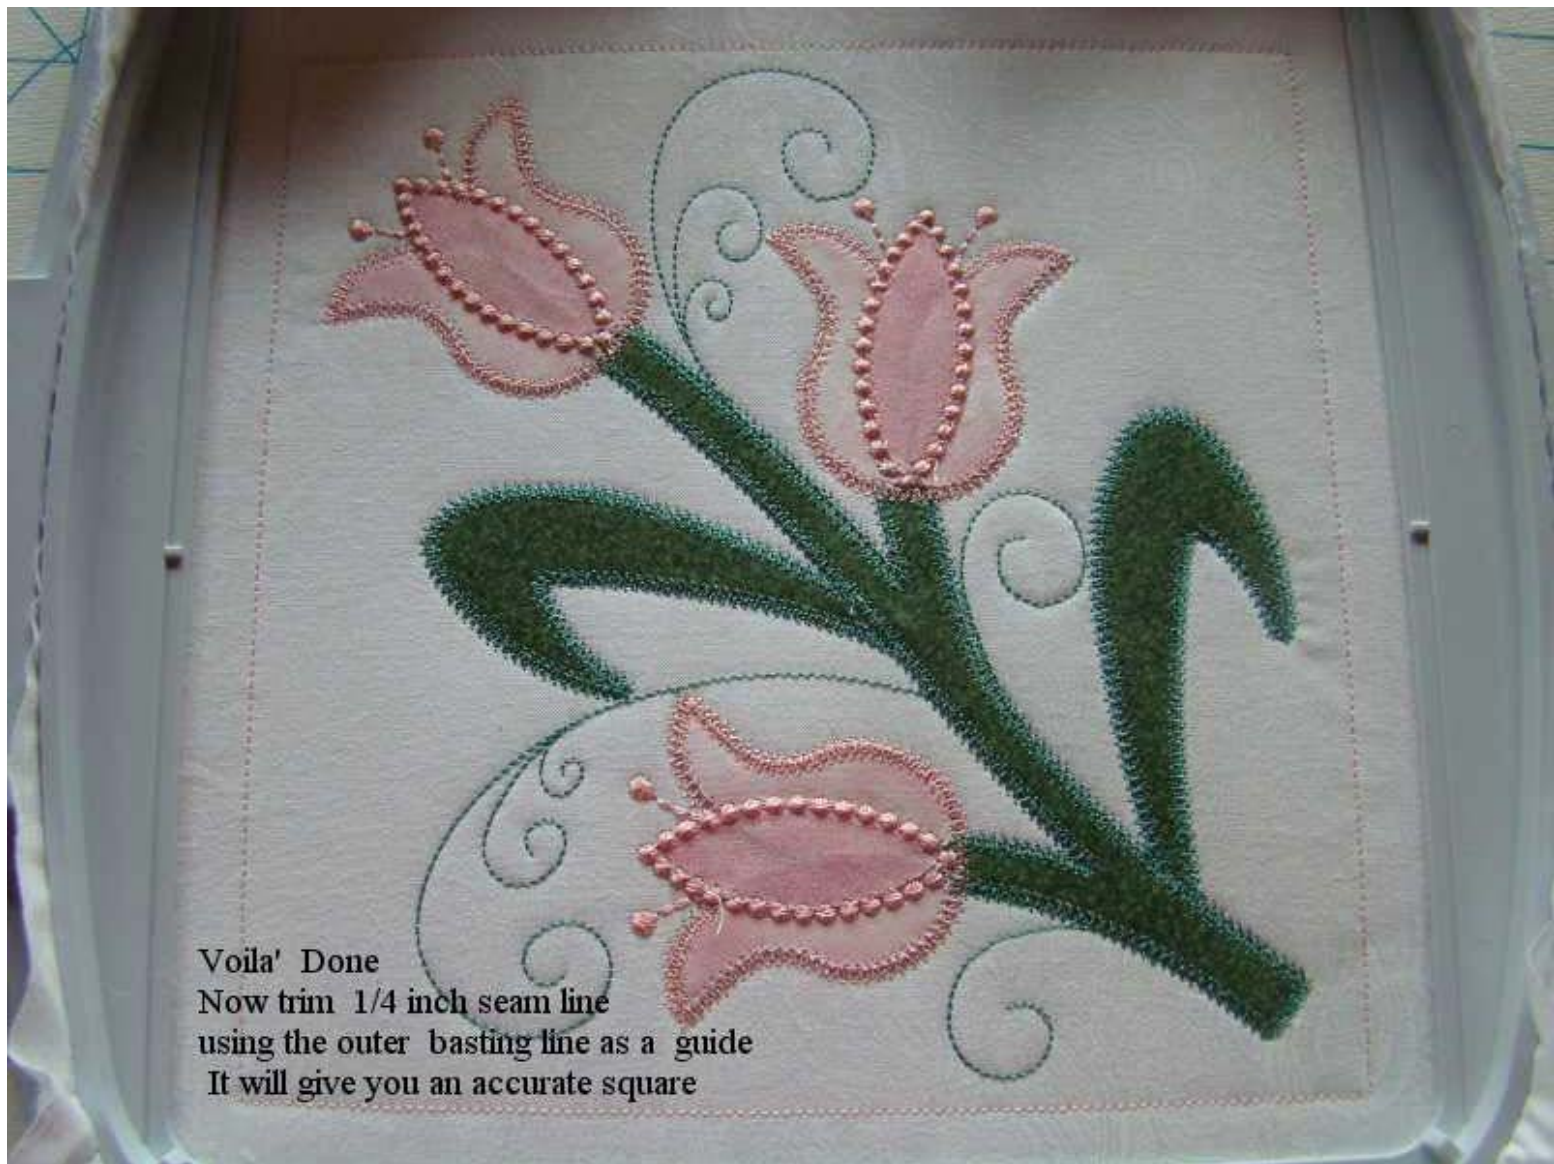

Now you are ready to start the embroidery.  
Insert the hoop and go to the next color. Green

Voila' Done  
Now trim 1/4 inch seam line  
using the outer basting line as a guide  
It will give you an accurate square
